

## TEST REPORT N° 15LA12901

Emission date:	12/06/2015	Page 1 of 1	
Acceptance number:	15LA12901	Company:	LT AFRICA S.R.L.
Acceptance date:	11/06/2015	Street:	Strada del Mozzato, n°1
Collected on:	11/06/2015	City:	31100 Treviso (TV)
Place of origin:	---		
Collected by:	Customer		
Start date of analysis:	12/06/2015		
Sample description:	White Teff flour		

The results contained in this Test Report refer only to the analyzed sample. This Test Report can not be copied, even partially, without Laboratory written permission by the administrator of: Laboratorio Analisi Chimiche dott. A. Giusto - Servizi Ambiente - Oderzo (TV).

### TEST RESULTS

Test name	Unit of measure	Value	LOQ	Analytical method
Gluten	mg/kg	n.r.	2.5	AOAC Veratox Gliadin R5 Test 061201 2012 (ELISA)

#### Supplement information useful to the test's interpretation:

"n.r." = lower than the LOQ (limit of quantification)

<b>Direttore laboratorio</b>
<b>Dr. Adriano Giusto</b>
<b>Chimico</b>
<b>Ordine dei chimici – Provincia di Treviso</b>
<b>Iscrizione n. 93</b>
Documento firmato digitalmente ai sensi della normativa vigente

## TEST REPORT N° 16LA05850

Emission date:	16/03/2016	Page 1 of 1	
Acceptance number:	16LA05850	Company:	LT AFRICA S.R.L.
Acceptance date:	03/03/2016	Street:	Strada del Mozzato, n°1
Collected on:	03/03/2016	City:	31100 Treviso (TV)
Place of origin:	Pangea Srl - Castelfranco Veneto (TV)		
Collected by:	our technician		
Start date of analysis:	03/03/2016		
Sample description:	8052086000124 White Teff flour - Lotto: 150515 - Exp. 31/12/2017		

The results contained in this Test Report refer only to the analyzed sample. This Test Report can not be copied, even partially, without Laboratory written permission by the administrator of: Laboratorio Analisi Chimiche dott. A. Giusto - Servizi Ambiente - Oderzo (TV).

### TEST RESULTS

Test name	Unit of measure	Value	LOQ	Analytical method
Nickel (Ni)	mg/kg	1,930	0,010	UNI EN 13804 (2013) + UNI EN 13805 (2014) + UNI EN 15763 (2010)

#### Supplement information useful to the test's interpretation:

"n.r." = lower than the LOQ (limit of quantification)
